**FREE**

Providing accurate and efficient  
multidisciplinary simulation capabilities

STAR-CCM+ software is an all-in-one solution for multidisciplinary engineering simulation, built on the philosophy that simulation should empower engineers to discover better designs, faster. It delivers accurate and efficient simulation technologies through a single integrated user interface and automated workflows.

This facilitates the analysis and exploration of complex real-world problems. With STARCCM+, you can predict product performance at a fraction of the cost of experimental testing and get the necessary engineering data to guide your design process.

## AGENDA

**FREE**

TIME	Details
08:30 – 09:00	Registration
09:00 – 09:30	Overview on Siemens Simcenter Simulation and Testing portfolio
09:30 – 11:00	Introduction to Star-CCM+: Engineer Innovation with CFD focused multi-physics simulation
11:00 – 11:15	Coffee break
11:15 – 12:30	Introduction to Battery Design Studio: A virtual cell design platform
12:30 – 13:30	Lunch break
13:30 – 15:30	Overview on Simcenter 3D v12 new release: Enhanced workflows and improved non-linear capabilities
15:30 – 15:45	Coffee break
15:45 – 17:00	Demonstration on Star-CCM+ capabilities

\* Remark 50 seats only

Registration : [marketing@adtsystems-ap.com](mailto:marketing@adtsystems-ap.com) ( 094 346 9991)
